STATEMENT OF WORK

FAMILY CONNECTIONS

Family Connections has established the Family School Connections Program to assist parents of preschool and elementary students. The program is designed to enhance parents 'involvement in their children's education by providing school and neighborhood-based activities that focus on academic skills as well as social and recreational interests. Family support, parent education, and access to community resources are incorporated into the literacy program.

The program will serve approximately 100 families. CDBG funds will contribute towards personnel expenses. The program will be offered at Oxford, Noble and Boulevard Elementary Schools or online if necessary. Programming at Gearity Elementary School will be offered through other funding sources.

Family Connections has also established the Parent Café Program to assist parents, their preschool and elementary students. A Parent Cafe is a parent education experience designed to create opportunities for parents to connect, share and learn from each other in a space that appreciates that all parents have something to offer and have all that they need. Parent Cafes are driven by the knowledge that parents can, must and do tap into their wisdom and resources in order to strengthen their own families. It is guided by trained Parent Hosts. Parents gather in small groups and explore questions that really matter to them. Through these meaningful conversations, parents are working to build five Protective Factors that will benefit their family. These Protective Factors have been shown through research to prevent child abuse and neglect in families. These Protective Factors are: Parental Resilience; Social Connections; Concrete Support in Times of Need; Knowledge of Parenting and Child Development and Social and Emotional Competence of Children.

The program will serve 13 families. CDBG funds will contribute towards personnel and supply expenses. If necessary, programming may take place online.
