EXHIBIT A
STATEMENT OF WORK

Open Doors Academy exists to protect, inspire, nurture, and challenge adolescents to reach their full potential through the provision of meaningful out-of-school enrichment programming in a safe and structured environment.

**OPEN DOORS ACADEMY - OUT-OF-SCHOOL TIME PROGRAM FOR CLEVELAND
HEIGHTS-UNIVERSITY HEIGHTS SCHOOL DISTRICT MIDDLE SCHOOL
SCHOLARS (\$10,000)**

Open Doors Academy's (ODA) proposed out-of-school time Middle School Program will be offered to Cleveland Heights University Heights City School District middle school scholars. ODA's program includes mentoring, homework help, service learning projects, and enrichment programming delivered mostly in the afterschool setting. This program addresses developmental barriers that inhibit the learning process, provides scholars with a safe environment to explore new interests, and opens doors to opportunities that otherwise would not be available. The program provides scholars with the opportunity to address academic issues, develop soft skills, and build healthy relationships with peers. In addition to their core learning model, they provide scholars with daily opportunities to complete their homework and receive academic support (including reading and math) through small group tutoring. They also incorporate project-based learning, team-building exercises, mindfulness practice, and field trips.

Open Doors Academy will serve 70 youths in their enrichment programming, with a minimum of 51% being from low-and moderate-income households. Programming will be offered at Monticello Middle School and Roxboro Middle School. If necessary, programming may take place online. Community Development Block Grant funds will assist with personnel costs.

**OPEN DOORS ACADEMY - OUT-OF-SCHOOL TIME PROGRAM FOR CLEVELAND
HEIGHTS HIGH SCHOOL SCHOLARS (\$16,000)**

Open Doors Academy's (ODA) proposed extended out-of-school time High School Program will be offered to scholars attending Cleveland Heights High School. ODA's five-year extended High School Program prepares scholars for post-secondary education or job training. Programming consists of opportunities for volunteering in the community, job shadowing, career exploration, paid summer internships, weekly afternoon workshops focused on developing work skills, college tours, local and national service-learning trips, and individual mentoring and support. The program also identifies internship and job shadowing opportunities for scholars in high-demand industries such as healthcare, technology, and manufacturing. Their program begins freshman year and continues through at least a full year after high school graduation. They keep their alumni connected to a supportive network of mentors and peers as they pursue post-secondary education, job training, and/or employment.
