To whom this may concern;

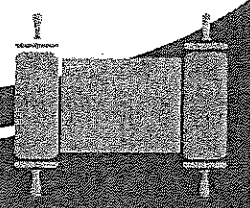

Yeshiva Derech Hatorah is a private school that would like to be granted conditional use of the building located at 1700 S. Taylor Rd. in Cleveland Heights as a school.

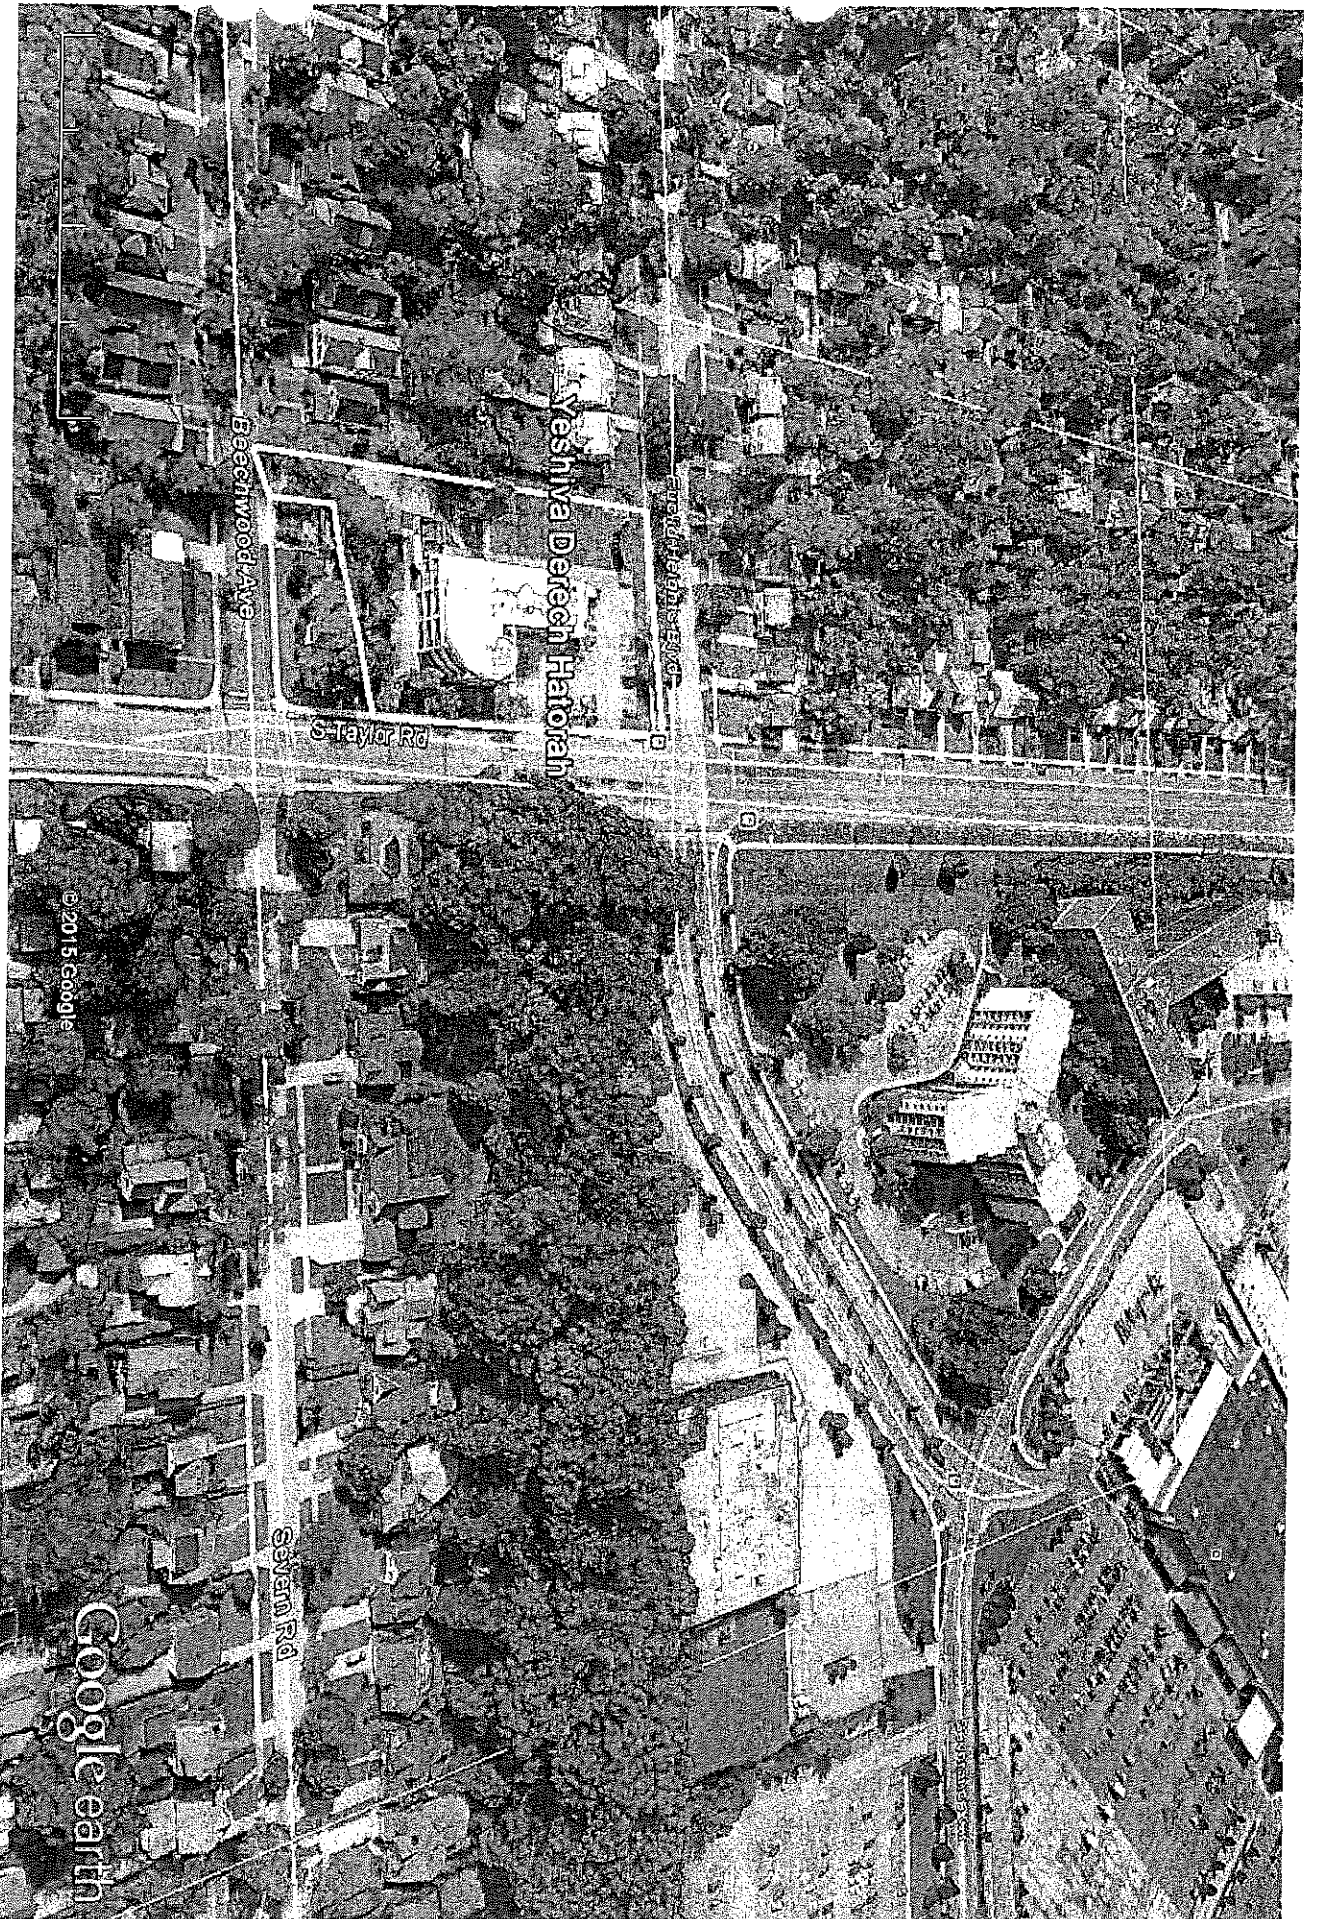

The building was purchased from Mosdos Ohr Hatorah which served as a local private school and had been granted the permissions to use the facilities as a school. We would like to continue utilizing the property for the same purposes it was approved for in the past. We don't plan on making any changes to the buildings on the property, currently.
