

TMC 08/27/25 Minutes

Councilwoman Larson will meet with Director Clinkscale to learn more about upcoming street projects.

Clinkscale was included on the revised version of Complete and Green Streets
Councilwoman Larson to continue to work with Law Director Hannah on vetting of Complete and Green Streets

Active Transportation Summit - September 16th - Wylie Middle School

University Heights City Council has reservations about portion of ATP that includes multi-use trails for bicycles, etc.

Car-centric council may not understand transportation needs

Updates on grants:

Grant for Taylor Rd 100% funded, ODOT has traffic study in-hand

-Taylor Rd Diet: Phase 1

One lane each direction, turning lanes at intersections, bike lanes

-Taylor Rd Diet: Phase 2

Euclid Heights Blvd to Euclid Ave

If combined, project would be from Cedarbrook to Euclid Ave

Greenways Project

mainly signage

Safe Streets For All \$100,000 federal grant-soon to wrap up

Might have to remove road diet from grant, many other projects within this demonstration to spread money out

Noble Rd - Road Diet

Active Transportation Plan in appendix look for Noble Rd for more detail

Lee Rd - reapply for crosswalk grants

Preliminary design for Severance street typology

specifically, the median

Look out for PDF from Director Zamft for our review

Project Updates

-On street handicapped parking - Pat C.

handicapped parking on Coventry gone. Signs were attached to the parking meters but when they removed the parking meters, they took away the handicapped parking signs with them

-Pat will email Director Clinkscale cc'ing myself, Gail and the Mayor

-Researching ADA regulatory info on handicapped parking. When parking lot slopes too steep, causes risk when using vehicle wheelchair ramp

-Senior Transportation Connection - Howard

Howard checked w/Executive Director there, confirmed they have capacity if Cleveland Heights chooses to participate

City already has 3 vans, possible partnership with STC resources

-Andres Gonzales, head of office on aging for heights to meet with Executive Director of STC, Howard will attend

September 9th STC ice cream social

-Sidewalks (Sidewalk Repair Program)

Fern and Pat helping with research. Gail intends to ask administration for money to repair sidewalks. Researching how many property owners cited for sidewalk repair

Project would be targeted areas, not citywide

Ken to send Gail how many miles of sidewalk we have in CLE Heights

Public Works had capacity constraints before, proposal is to put a bid out rather than city doing the work

Gail will report back in September to the committee

Ken to share 'Strongtowns' article w/committee with sidewalk repair info

-Deer Population

Gail met with Public Health & Safety committee

public survey ready to post for public to complete

Annual Report

Chris sent to me, will also send to committee for feedback
currently at a high level

Annual report - city council, president of city council will determine where report will be reviewed

Vision Zero - Chris

Collab between Planning, Public Works and TMC

Vision Zero goal is 2030

Involving Police and Fire Chief in conversation as well

Caledonia roundabout: more to come, work in area holding up process

Committee Ambassadors

Appointed Chris Brace ambassador for Complete and Green Streets

NOACA Annual meeting

\$75 fee, theme: Maritime industries - Huntington Convention Center

Next meeting Wednesday September 24th — 6:45PM
