

## City Council Application

First Name	Alfonzo
Last Name	Fitzgerald Jr
Phone Number	
Cell Phone Number	
Email Address	
Street Address	
Place of Employment	On Disability
Position	N/a
Length of residence in Cleveland Heights	46 years
Are you a registered Cleveland Heights voter?	Yes
What do you think would be your role as a member of City Council? What are your priorities for our community and are there areas in which you believe the City needs improvement? How would your service on City Council help achieve those goals and improve the City?	There are so many different things like getting the community back together like it used to be in the '80s. Being able to leave your doors open unlocked and one is having pet services for us coming for emergencies for birds flying houses to be retrieved. Garbage pickup has been horrible as far as bulk pickup it's never done one supposed to be. And severance mall is a ghost town. There's so much more but if I was in front of a city council believe me it would all come out things need to change in Cleveland heights
What special qualities, abilities, skills, insights or perspectives do you possess which would be of value in serving on Cleveland Heights City Council? What working knowledge of City Council meetings do you currently have?	One skill that I have is I've always been able to find free money or donations. I towed cars for Cleveland heights police, University heights Police, Beachwood police, and triple a for about 15 years for people that were pulled over and I had to come in pound them. My neighbors called me block watch and the mayor of my street. I have video cameras all around my house in Cleveland heights police is always at my door

getting footage from my camera. And thankfully they have caught at least six people off my footage that I have shared with the city for crimes they have committed. And I still have a letter from the captain of Cleveland heights on my phone that she thanked me for my help because no one else ever helps the city to solve crimes.

---

**What educational training (formal or informal), employment and other life experiences have helped you develop the qualities, abilities, etc., described above?**

I don't believe educational training is even a factor in this case I have lived here all my life I'm 48 years old but I have worked at every gas station since I was 16 years old every restaurant that I can think of for a year including Japanese Mexican, outback steakhouse and Italian restaurants as of Olive garden also Jim's towing which Jim's towing had the contract with Cleveland heights police for the towing. And I love towing cars but in 2002 I believe for 2003 Cleveland heights decided to take over and they bought their own tow trucks which is when I lost my job. The best job I ever had, because the city had a problem with Jim the owner. But over the years I have found so much free money for housing and certain other things to help people and senior citizens and I think I will be a great help for Cleveland heights and the citizens

---

**Please list your recent community, professional or charitable involvements. List the most recent first.**

I take care of my 80 year old father not that he's disabled but cooking everyday. Only thing I can say is as of January 18th I helped 75-year-old Caucasian woman at cedar Lee theater fell in the street and nobody stopped to help this woman but I put my hazards on in the middle of the street and got out and helped her I'm not sure what you're really asking but I'm always helping anyone in this community. As far as professional charitable involvements. I can't afford it because I'm on disability and my disability takes all my money. But I really believe that I should be

---

chosen for City council because there are a lot of things that needs to be changed in the city. I just want my voice to be heard finally!!

**Do you have other responsibilities which would prevent you from participating in City Council and Council Committee work during certain hours or on certain days? Please note, having a full time job will not disqualify any applicant, and Council works hard to accommodate all members schedules when scheduling meetings.**

Nothing will stop me from dealing with any city council meeting. Even though I'm on disability I'm able to walk talk do everything and drive. I have three vehicles I'm only one mile away by cain Park. The only thing I have to do is cook dinner for my father which is not a problem it would never interfere with coming to City council meetings and talking with City council Members about what needs to be done or what we can do to improve the city.

**State any additional information you would like to have considered.**

I just want to say that I want to get Cleveland heights back to where it used to be. There is too much crime going on up here these kids are out of control especially the one that's moving up here from section 8 / projects and it's too many gun violence going on. My main thing is we really need to get severance together and bring back businesses not only to bring money to the city but give kids and adults something to do instead of just all these bars that we have in the city.

**Do you agree to electronically sign this form?**

Yes
